It is expected that a system of wireless telegraphy will be installed in Alaska for the United States signal service by the first of August next.

The body of Adolph E. Opechym, a New York millionaire, was found in Harlem river. He is believed to have leaped from a bridge on March 30, with suicidal intent.

The armored cruiser Colorado was launched at Cramp's shipyard, Philadelphia. Miss Cora May Peabody, daughter of the governor of Colorado, christened the vessel.

The latest in strikes comes from Madison, Wis., where the high school students struck for half-day sessions during the warm months. Great opportunity for the teacher to do a little striking on his own account—with a paddle.

In Cincinnati a guard was appointed for the young millionaire, Moses Fowler Chase, who is alleged to be insane. Young Chase is protected by his father at LaFayette, Ind., who also seeks to have him declared insane, and have custody of his estate.

At Bloomington, Ind., 38 unmasked men broke into a house and whipped two white girls and a Negro man. The older girl and the Negro were whipped with a barbed wire. Some of the white-caps were recognized and warrants will be sworn out by the victims.

The trustees of the Tuskegee Normal and Industrial Institute have received from Andrew Carnegie an endowment of \$600,000 in United States Steel Corporation bonds. Out of this suitable provision is to be made for the wants of Booker Washington and family during life.

The declaration of independence will be placed in a dark vault and henceforth hidden from public view. A committee from the American Academy of Sciences reported to Secretary Hay that the historic manuscript was fading and advised that it be kept in darkness.

After an idleness of two years, work has been resumed on the Morehead & West Liberty railroad. It is estimated that it will take a year to finish the road, and when completed it will open up a country marvelously rich in timber, coal and oil. The road extends southward to West Liberty, the county-seat of Morgan county, a distance of 25 miles.

The testimony at the trial of Jim Howard, at Frankfort, was completed Saturday afternoon, and both sides closed their case. The jurors and the defendant were taken to the Capitol grounds, where they viewed the scene of the assassination. Argument was begun yesterday morning, and it is expected to consume two days. The case will reach the jury to night or Wednesday morning. The trial has so far consumed 19 days.

Democratic Primary May 9th, 1903.

VOTE FOR..

Rev. Thomas N. Arnold.

Rev. Thomas N. Arnold, who has been here for several days in the interest of his candidacy for superintendent of public instruction, left for Falmouth, Mr. Arnold is making a very active canvass for the nomination. He has visited already 72 counties and expects to be in nearly the whole 119 before the primary. Everywhere he is assured of strong support and he feels that he has the nomination already won. Mr. Arnold has been a minister in the Christian church for many years and having preached at many points, his acquaintance is very large and his friendships many. Here in Lexington he has a large following. He was the largest single donor to the city's pride, Kentucky University, having contributed \$5,000 to it, and he has in other ways endeared himself to this people.

The fact that he was a warm friend

of Gov. Goebel and was with him in his last hours, is another argument in favor of Mr. Arnold. He was about the only preacher in Frankfort who stood by and stood up for the dying statesman, so bitterly maligned and so foully assassinated.

Mr. Arnold has the distinction of being a school-mate of President U. S. Grant; they were pupils together at Maysville when Mr. Arnold was nine years old and we suppose he is the only man in the State who speaks of him as "Ulysses." Mr. Arnold is fitted for the position he seeks and is a most vigorous man. The interests of the children of the State will be safe in his hands, if he is called to preside over the bureau of education and his friends say they intend that he shall be made the party's standard bearer.—Lexington Democrat

IN NEIGHBORING COUNTIES.

Kirkville will have a fair July 17 and 18.

Small-pox has again broken out in Anderson county.

Dr. M. Tabler, formerly of Harrodsburg, is dead in New York.

Frank Sinclair's store at Columbia was robbed of \$200 worth of jewelry.

Shelbyville is to have a \$20,000 opera house with a seating capacity of 850.

John L. Cooper has been appointed postmaster at Ward, Pulaski county.

A Monticello dispatch says that the Beaver creek oil field each day shows steady development.

French Wilhite was given two years in the penitentiary for the murder of Andrew Hutton in Knox county.

Frank Grubbard, a Jackson county mail carrier, has been held to the charge of opening another person's mail.

Allene, the little girl who was brainied by the brutal assaulter of Mrs. Matthews, at Shreveport, La., has been restored from the Sanitarium to her relatives perfectly sound and well.

Indismissing Charles Durham, charged with killing John Lawson, County Judge Lewis, of Rockcastle, declared that Lawson committed suicide in going with his gun to Durham's house on the hunt for trouble.

The Knox county grand jury has begun a sweeping investigation of the alleged sale of school by trustees to teachers. Warrants of arrest have been issued for several teachers who have failed to respond when summoned to appear before the jury.

DANVILLE.—T. P. Reed, who was announced as the democratic candidate for the Legislature in the May primary, and K. G. Price, who was likewise announced as a candidate for circuit clerk, were declared the nominees by the county committee, on account of the fact that no opposition developed to either of them. Sympton & Co have sold their stock of goods to different parties in the city, and will leave Danville. Mr. J. H. Sympton, the head of the firm, will leave shortly for Oregon, where he will go into business. L. C. Ewing bought of J. B. Caldwell 97 acres of land, on the Lebanon pike, five miles from town, for \$3,500.—Advocate

Henry Johnson, a Negro who had been released on bond on the charge of criminally assaulting a four-year-old white girl, was hanged by a mob on the public square at Carthage, Tex.

Mr. J. M. Alverson, formerly of this city, but who has made Stanford his home for the past nine years, has just announced his candidacy for representative to the next Legislature from Lincoln county. He has gained considerable prominence as an industrious and capable young democrat who has done much for the party and whose record as a democrat and standing as a high-toned gentleman will doubtless make him a worthy antagonist for any one entering the race. Mr. Alverson's many friends in this county would be glad to see his ambition gratified.—Richmond Register.

Mr. J. M. Alverson yesterday announced his candidacy for the democratic nomination for representative in Lincoln county. Since he has been old enough he has not only voted the straight democratic ticket, but he has been one of the most earnest and efficient workers in the ranks. He has not only worked, but has written and set forth the democratic doctrines in a manner that has brought about much good, and if the democracy of Lincoln county does not honor him, it would seem that it were ungrateful.—Advocate.

JESSE M. ALVERSON.

FOR REPRESENTATIVE OF LINCOLN COUNTY.

Glover Kyle sold 700 bushels of corn in the crib at \$3. A. Sanders & Co., of Mercer, bought 64 900-lb. sloop cattle from J. T. Woodford, of Mt. Sterling, at 4c.—Advocate.

George W. Evans has sold to E. P. Jones, of Madison, his farm of 165 acres, 14 miles from Lancaster, for \$10,000. Mr. Jones bought of W. R. Cook a horse for \$75.

Charles H. Fuller, of Chicago, purchased a handsome team of five-year-old bay geldings from C. C. Harris for \$1,500. They are combination carriage and saddle horses.—Lexington Democrat.

Sheep-killing dogs are giving the farmers around Turnersville a great deal of trouble. John H. Murphy killed one yesterday that had just slaughtered a ewe and was enjoying a meal off it.

LANCASTER COURT.—There were about 150 cattle on the Lancaster market but trading generally was dull. Some extra good yearlings brought 5c, while others were slow at 3 to 3 1/2c. Butcher stuff was in demand at 2 1/2 to 3 1/2c. Horses and mules were high.

At the Lancaster horse show yesterday E. H. Beazley & Co. showed Antecarlo and Pence, John S. Baughman, Gambruno, Logan Denny, Phantom, D. S. Carpenter, Dignity Dare, E. P. Carpenter, Prospect, Woods Bros., Eagle Bird, Anderson Carr, Happy Catchmore, F. Reid, Dorsey Goldust and Quasi. J. R. Beazley, Naboth, J. R. D. M. Anderson, Gilt Edge, Jr., W. B. Burton, Preston. It was a splendid lot of horses.

At Santa Fe, Ill., a mob of white farmers lynched an unknown Negro for attempting to assault a 10-year-old girl. After hanging their victim the farmers made a general onslaught on a colony of Negro bridge builders who were living in tents. The tents were burned and the Negroes were driven to the woods after several of them had been wounded by a fusillade of shots.

A Thoughtful Man.

M. M. Austin, of Winchester, Ind., knew what to do in the hour of need. His wife had such an unusual case of stomach and liver trouble, physicians could not help her. He thought of and tried Dr. King's New Life Pills and she got relief at once and was finally cured. Only 25c at all Drug Stores.

Final arrangements have been completed for two new electric railways out of Bowling Green—one to Smith's Grove, the other to Franklin.

Mother's Girl.

There exists often a very beautiful companionship between the mother and her daughter. The intimacy is frank, free and sympathetic. But some day the mother feels as if something had chilled this intimacy. The child is silent and sad, and seems to shun her mother instead of seeking her.

This change very often occurs when the young girl is crossing the border line of womanhood. She is morbid, nervous, fearful, as she enters upon this new experience.

The use of Dr. Pierce's Favorite Prescription at such a time will do more than restore the normal balance of mind and body. It will establish the womanly function upon a basis of sound health, as well as improve the appetite, nourish the nerves, and promote the general physical health.

"Two years ago my daughter's health began to fail," writes Mrs. Dan Hall, of Brodhead, Green Co., Wis. "Everything that could be thought of was done to help her but it was of no use. When she began to complain she was quite stout; weighed 170—the picture of good health, until about the age of fourteen; then in six months she was so run down her weight was but 120. I felt I could not give her up as she was the only child I had, and I must say, Doctor, that only for your 'Favorite Prescription' my daughter would have been in her grave to-day. When she had taken one-half bottle the natural function was established and we bought another one, making only two bottles in all, and she completely recovered. Since then she is as well as can be."

JOHN SAM OWSLEY, JR.

No speaker who has been here in years made more friends than did Mr. N. B. Hayes, of Bell county. He is an exceedingly polished talker and his effort was brimful of logic and common sense. He gave many reasons why the 11th district should be represented on the democratic State ticket, dwelt a short while on the tariff question and paid his respects in a most gentlemanly way to his opponents. The following short history of this good democrat and splendid gentleman appears in the London Democrat: "N. B. Hayes, candidate for attorney general, was a democratic elector in 1892, an assistant elector for the State in 1896, and an elector for the State in 1900, and in each instance canvassed a large part of the State at his own expense. He is well-known all over the State and is going to be Kentucky's next attorney general."

HON JOHN K. HENDRICK withdrew Sunday from the race for the democratic nomination for governor, leaving Gov. Beckham without opposition. In a card to the public Mr. Hendrick said he believed that it was impossible for him to win, being unable to visit the majority of the counties, and he did not wish to do anything that might injure the party. He took the step after a conference with several of his leading supporters. The entrance fee of Mr. Hendrick will be returned to him and Gov. Beckham will put up \$2,500. Mr. Hendrick canceled all of his engagements and notified the printer not to place his name on the ballots. Col. Hendrick says he will stand by his party to "the last ditch."

THE Philadelphia Ledger has made an interesting discovery. It seems that in the campaign of last October Secretary Root delivered a speech at Cooper Union in New York, in which he said something about the tariff; and just before he began his Western tour recently President Roosevelt also made a few remarks on the same subject. The Ledger prints the two speeches in deadly parallel columns, showing that not only the ideas are the same, but the words in a large part exactly so. It is very evident that the same person wrote both speeches, and as the secretary got first say, the President will have to plead guilty to the charge of plagiarism.

SEEMS to us National Committeeman Urey Woodson ought either to resign his high office or quit furnishing ammunition for the republicans to use this fall. His attacks on Gov. Beckham are unjust, unreasonable and indecent and while they are not hurting the governor now they might possibly endanger his defeat next fall. Mr. Woodson is a wheelhorse democrat when things go his way, but when they don't he tries to be the "whole push" in his denunciation of his party's worklogs.

IN his enthusiasm for the gentleman the Lexington Democrat says: "Governor Beckham is certain to be nominated and elected in spite of the world, the flesh and the devil, and all hades can not prevail against it." It looks very much like our brother is going to prove a prophet in this instance.

THE fact that nearly all of the republican and "flopper" papers in the State are urging the nomination of Col. Hendrick ought to make the democrats the more firm for Gov. Beckham. Hendrick is of their kind and the enemy naturally feels good toward him.

FIVE suicides in 17 days, from "dread of impending marriage," are reported from London. Marriage is pretty severe in some instances, but hardly severe enough for such a drastic remedy.

THE Harrodsburg Democrat issued a street fair edition of 24 pages which would have been a credit to a city office. Brer. Brown is a hustler from "Hustlersville."

AN appendicitis club has been formed at Westchester, Pa. Fifty persons have been operated upon at the Chester County Hospital for appendicitis. The club will have by laws and a constitution and the only requirement for membership will be to have passed under the surgeon's knife. As appendicitis is a very stylish disease the club ought to ask for admission to the 400 of New York.

AN Omaha couple, who were married last December, were divorced on the second of this month and Wednesday they eloped and were married again. The bride is not yet of age. If they ever get tired of each other again and seek to have the galling chains sundered, the court should sentence them to punishment for life by making them live together.

JUDGE BRECKINRIDGE has withdrawn. Col. Hendrick has withdrawn, now let Urey withdraw and all will be well.

At Edgemont, S. D., the cowboys gave a performance for the benefit of President Roosevelt.

President Roosevelt officiated at the laying of a corner stone for the northern gate of Yellowstone Park.

The London Democrat says that Judge Breckinridge's friends in Laurel will go to Beckham for governor.

Gov. Davis, of Arkansas, has signed a recently passed bill making it unlawful for non-residents to hunt or fish in Arkansas at any season of the year.

Lieut. Gov. Lee, of Missouri, has sent his resignation to Gov. Dockery. He says his political downfall is due to his refusal to maintain a policy of silence and concealment.

The National and International Good Roads convention met at St. Louis for a three days' session. President Roosevelt and other prominent men are expected to deliver addresses during the meeting.

There are protests throughout Cuba against the taxes imposed by the newly-organized provincial governments. The drug stores of Havana were closed in protest against the stamp tax on patent medicines.

An appeal will be made to Emperor William for permission for Mormon missionaries to remain in Germany. Outrages against the missionaries will, it is said, be made the subject of complaint to Secretary of State Hay.

The following announcements were given out from Gov. Beckham's headquarters, Russellville, Wednesday afternoon, 1:30; Effron, Thursday afternoon, 1:30; Lebanon, Friday afternoon, Springfield, Friday night, May 1, 7; Somerset, Saturday afternoon.

"I hope God will wither my hand, palsy my tongue and burn out my heart in the flames of hell before I will intentionally dishonor any position to which the people of Missouri assign me," said Senator Stone at the Kansas City editorial convention.

Lieut. Gov. Lee appeared before the St. Louis grand jury and told how a sum exceeding \$10,000 was distributed to bootleggers at the Laclede Hotel after the defeat of the "Alum Bill." The question of Lee's resignation is now in the hands of Attorney General Crow.

All of the farmers have their rainy day jobs done now and they are just waiting for the weather to clear up so they can go to farming.

Col. J. P. Chandler says that J. M. Alverson need not be uneasy for every democrat in this vicinity will stick to him like a duck to a pile of dough.

Wm. Anderson seems to be the busiest man that we have. He hauls logs two miles and lumber from the same mill to market, and hauls goods for John Wentzel from Stanford to Ottenheim. When he goes to Danville after a load of oil he takes with him a load of scrap iron and bones.

Charley Fisher has returned from Louisville where he has been employed in the Avery Plow Factory for several months. Irvine Fisher has gone to Pennsylvania for a visit to his uncle. Mrs. G. A. Adams has returned home after nursing another case of typhoid fever, making the 25th of that dreadful disease and has not lost a single case. The Combined Stallion.

DUKE OF RICHMOND

Will make the season of 1933 at my farm one mile south of McKinney, on McKinney & Mt. Salem pike at the low price of \$5 to insure a living colt. Money due when colt is foaled. When mare is traded insurance is forfeited and in all cases money is due.

DESCRIPTION AND PEDIGREE—Three-years-old, dark bay, 15 1/4 hands high, a fine individual with best of style and action, drives and rides nicely. He was sired by Tom Covington (1899), he by Limber Jim (Standard and registered), 1st dam by Limber Duke, and dam by Warren Harris' Denmark, 3rd dam by Old Crockett.

NOTE—Tom Covington is a combined horse with a record of 2:28 1/4, trial 2:19; his dam was by Kentucky Chief, and dam Parson's Abdallah. General Duke had a record in 1895 of 2:14; he was by Limber Lexington by Old Lexington. The dam of Embury's Lexington was Belimbya by Imported Monarch. You see this is as well bred colt as is in the county.

At the same time and place the good mule Jack, Jim Porter, at the same time. He is as good mule Jack as there is in the county. I have both yearling and suckling colts to show you, so you see there is no risk in breeding to this Jack.

DEBOE is preparing to run for office again and he expects a big vote from the 11th district. He has sent to that district in the last week 50,000 pounds of literature and more is to follow. The reading matter comes from Washington and as "Uncle Sam" pays the postage the distinguished gentleman will likely flood the State with it.

THE horse and buggy belonging to Rev. R. B. Mahony, which was stolen from the Baptist church yard Sunday night during services, was found at Bonyville, a Negro settlement about three miles from town. Some account evidently wanted to go home and was too lazy to walk. Mr. Mahony is considerably provoked and is making every effort to find the guilty parties. The horse, which is a splendid animal, had been used very hard.

KILLED.—William Florance, son of J. F. Florance, who lives in the West End, was killed near Paris by the explosion of a stick of dynamite in his pocket. It is supposed the dynamite was exploded by coming in contact with a small battery which Florance carried about his neck. Two months ago his brother, Manly Florance, was killed by a dynamite explosion and Florance had taken his place in the employ of a telephone company. The body was brought home for burial.

MILLER.—George W. Miller, president of the "101" ranch east of Bliss, Okla., died at the ranch of pneumonia after a week's sickness. He was the largest land holder in Oklahoma, having 30,000 acres of leased Indian land under his control. He was 66 years old. The body will be taken to Crab Orchard, Ky., for burial, and it was due to arrive there last night. In the event it did the burial will occur this morning. Mr. Miller married a sister of Mr. J. E. Carson, formerly of the East End.

AT a meeting of the county committee Friday Mr. James F. Holdam was declared the democratic nominee for circuit clerk, no one else having announced for the office. It was decided that separate ballots should be used in the representative race from those for State offices and in the drawing for positions, Mr. Alverson beat Mr. North and got first place on the ballot. This office secured the job of printing these ballots and will turn them over to Chairman W. S. Burch the latter part of this week.

ELSEWHERE in this issue will be found the announcement of W. Frank McKinney, who asks the democrats of Lincoln county to nominate him for the office of sheriff. At present Mr. McKinney is deputy under Sheriff Baughman and is an excellent and trust-worthy official, and the experience he derives while serving in that capacity will in every way qualify him for the office he seeks. He is a democrat in whom there is no guile and if nominated, will beyond all doubt, succeed the gentleman whom he now serves so well as assistant.

THERE are those who favor the removal of the tower containing the clock and bell, two of the most essential equipments of the building, and at the same time affording the most serviceable and valuable accommodations to the public; those who are willing either to take chances on the walls standing in the condition they are in or to patch and prop them up until they at least look safe, and those who prefer to continue renting offices for the officials as under the statute the court is compelled to do, and letting the records go to the bow-wows. We submit it to a thinking people whether this is ordinary prudence, more especially since it has been conclusively demonstrated that a new building can be erected and paid for within a few years and the taxes not raised. The tower is the only thing that would prevent a stranger from thinking that it is the jail. In fact, the building without the tower would be as incomplete as a jack ass without ears or voice. The bell, clock and its fixtures are valuable and expensive. If they are kicked and knocked about until a new house is built it's doubtful whether the clock will look like itself then, much less keep time. Of course a cow-bell could be used to convene court. We take the position that if the records are being destroyed and the tower and walls are unsafe and that there is danger of somebody being killed, all of which we are reliably informed such danger does exist, that a new court house is a present necessity and that any unnecessary delay in avoiding this danger by building a new court house is false economy. Within the last few weeks several persons were injured and killed in the court house in the city of Louisville by reason of defective portions of the court house. To what extent that county will be liable remains to be seen. Again, there are those who say patch the conglomerate mass of patches. The county has spent over \$20,000 in patches for the building as it is, and what have we? Insecure walls, an immense over-head weight that no one can tell just what moment it is going to fall, how many it will kill nor who they will be; a roof that no human being has yet been able to keep from leaking; valuable records going to decay; the county officers scattered all over town and the county renting offices, others occupying the same rooms. It does not pay when the necessary repairs cost more than the value of the thing after it is repaired; in other words, it doesn't pay to spend \$1.50 patching a \$2 pair of shoes, especially when the portions not patched are badly worn. The times are flush; they may not be so when all the existing county debt has been paid, besides what assurance have we that this man trap will not have killed some one before that time. It should be remembered that if the bonds are voted, only so many will be sold by the court as is necessary to build a safe, secure fire-proof building large enough to warrant the transaction of the county's business which may be done for less than the amount proposed.

BRODHEAD.—"I have always had a desire to go to Brodhead and I imagine it is a delightful little place," remarked the writer's brother to him a few months ago when he was visiting him in Atlanta. Our brother was right. Brodhead is not only a pleasant place to live but is a business town of no small pretensions. In fact there are few towns of its size doing anything like the amount of business and there is no town in the writer's knowledge where such an excellent feeling exists between people generally. There is competition in most all lines of business there but absolutely no rivalry nor jealousy. To make a long story short Brodhead is a model place, peopled by as clever men and women as ever lived, the standard of morals is high and last but not least it is a democratic stronghold. Following is a list of the business firms there and if they are not all flourishing, signs count for naught: Dunn & Hamm, general merchants, Martin & Sowder, general merchants, Fowler & Albright, monument men, Albright & Adams, general merchants, Brodhead Monument Co., W. M. Francisco, proprietor, J. Thomas Cherry, general merchant, J. L. Robins, gen-

eral merchant, C. S. Keisling, restaurant, Herman Frith, general merchant, J. H. Albright, proprietor of the Albright Hotel, F. Francisco, proprietor of the Frith Hotel, W. C. Turpin, barber, T. S. Frith, miller, J. G. Frith & Son, lumber men, Robert L. Collier, lumber dealer and contractor, J. F. Watson and Dr. Clark, druggists, B. H. Reynolds, blacksmith and saw mill man. Each hotel has a livery stable attached and both are doing a thriving business. W. H. Pettus is agent of the L. & N. and J. R. Cass is night man. Both are exceedingly clever and genial gentlemen and the company's interests are never neglected by them. Mr. Fullen Francisco is police judge and Egbert M. Wallen, city marshal, and they deserve credit for making Brodhead one of the most orderly towns in the State. Mr. Evans is the efficient postmaster and he gives night as well as day service. Mr. Collier told us that since Jan. 1st he had shipped 110 cars of lumber of various kinds. He is an old Crab Orchard boy but has learned to love Brodhead as well as the rest of the inhabitants. Mr. Keisling, the restauranter, is doing a big business in his line. In the last month he prepared and delivered to trainmen 1,475 lunches at 25c each and did more than \$200's worth of business at his lunch counter. Both feet are cut off and Mr. Keisling walks on his knees but he does more business than a great many men who have not had the misfortune to lose a limb. In doctors, Brodhead is well supplied. They are Dr. I. S. Burdett, the well-known eye and ear specialist, and Drs. Percy Benton, Graveley and Clark. Each has a good practice and all are popular physicians. Brodhead has the reputation of being the cheapest town in the country. Necessities of life sell for considerably less than in other towns, hotels furnish \$2 fare and appointments for \$1 and other prices are in proportion. It is a live and lively place and a good one in every respect.

I have had occasion to use your Black-Draught Stock and Poultry Medicine and am pleased to say that I never used anything for stock that gave half as good satisfaction. I heartily recommend it to all owners of stock.

J. B. BELSHER, St. Louis, Mo.

Sick stock or poultry should not eat cheap stock food any more than sick persons should expect to be cured by food. When your stock and poultry are sick give them medicine. Don't stuff them with worthless stock foods. Unload the bowels and stir up the torpid liver and the animal will be cured, if it be possible to cure it. Black-Draught Stock and Poultry Medicine unloads the bowels and stirs up the torpid liver. It cures every malady of stock if taken in time. Secure a 25-cent can of Black-Draught Stock and Poultry Medicine and it will pay for itself ten times over. Horses work better. Cows give more milk. Hogs gain flesh. And hens lay more eggs. It solves the problem of making as much blood, flesh and energy as possible out of the smallest amount of food consumed. Buy a can from your dealer.

NOTE.—Royal King was sired by the great On Time and is a brother to the great Silver King and Allie G., the great show mare that sold for \$1,000. King Eagle's 2nd dam is the dam of Minnie Boyd, the great show mare that Matt Cohen won everywhere with in 1895 and sold for \$900.

King Eagle will make the present season of 1903 at my stable 2½ miles west of Stanford on the Shelby City pike at the low price of \$10 to insure a living colt. Will also stand the great mule and jennett Jack, Billy Keene, at \$10 for mares, \$20 for jack colts and \$10 for jennett colts to insure a living colt. Billy Keene was sired by the great Tom Keene. 1st dam by the imported Palermo, 2nd dam by Levi Hubble's Prince, the sire of Joe Blackburn and Brignolia. Billy Keene stands full 16 hands high, black with white points, and as a breeder. He is unsurpassed as a mule or jennett jack. His colts will show for themselves. Will also let that great young jack, Jim Keene, serve a few outside mares at \$10 to insure living colts. Mares traded, parted with or bred elsewhere forfeits the insurance and money becomes due at the time of such transaction. For further particulars, call on or address S. T. HARRIS, Stanford, Ky.

A clergyman passing through a village street saw a number of boys surrounding a dog, says the Buffalo Courier. Thinking that some cruel deed was in progress, the clergyman hastened towards the boys and asked what they were doing. One of the lads replied that they were telling lies, and the boy who told the biggest lie would get the dog. The clergyman was shocked at such depravity and began to lecture them on the sin of lying, and concluded his remarks by saying,—

"Why, when I was a little boy I never told lies."

The boys were silent for a second, when one of them said sadly,—

"Hand him the dog."

A disordered stomach may cause a end of trouble. When the stomach fails to perform its functions the bowels become deranged, the liver and kidneys congested, causing numerous diseases, the most fatal of which are painless and therefore the more to be dreaded. The important thing is to restore the stomach and liver to a healthy condition, and for this purpose no better preparation can be used than Chamberlain's Stomach and Liver Tablets. When you hear a republican blowing about the amount paid Capt. Calhoun for collecting Kentucky's war claims, just remind him of the fact that republican States in the North paid their agents from 20 to 25 per cent. for the same service, and Capt. Calhoun received less than five and one-half per cent. for accomplishing the same work. It is impossible to get ahead of the republicans when it comes to "grating."

Brotherly Love.

(Written in 1772)

Blest be the tie that binds
Our hearts in Christian love;
The fellowship of kindred minds
Is like to that above.

Before our Father's throne
We pour our ardent prayers;
Our fears, our hopes, our aims are one,
Our comforts and our cares.

We share our mutual woes
Our mutual burdens bear;
And often for each other flows
The sympathizing tear.

When we asunder part,
It gives us inward pain;
But we shall still be joined in heart,
And hope to meet again.

This glorious hope revives
Our courage by the way;
While each in expectation lives,
And longs to see the day.

From sorrow, toil and pain,
And sin we shall be free;
And perfect love and friendship reign
Through all eternity.

—John Fawcett.

Danger of Colds and Grip.

The greatest danger from colds and grip is their resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy is taken, all danger will be avoided. Among the tens of thousands who have used this remedy for these diseases, we have yet to learn of a single case having resulted in pneumonia, which shows conclusively that it is a certain preventive of that dangerous disease. It will cure a cold or an attack of the grip in less time than any other treatment. It is pleasant and safe to take. For sale by Craig & Hocker.

Before any voter casts his vote for any candidate in the State primary, he should ask:

Is he honest?
Is he capable?
Is he a straight democrat?

Honesty first—everywhere, at all times and above all things; capability second, for incapability is but the playing of rascality; a straight democratic record—the highest endorsement for both honesty and capability.—Glasgow Times
